

Specification Sheet: V-Lite LED Modules

Show Customers You Care

Poor signage lighting says a lot about a business. On the other hand, well-lit reliable signage shows potential customers that you care. Revolution Lighting's V-Lite LED modules provide a low-cost opportunity that can reduce your lighting energy use by as much as 50%, while providing unsurpassed reliability for channel letters, sign boxes and accent lighting.

The V-Lite is a 12VDC modular system with remote control capabilities (FCC licensed), available in 6500K. V-Lite delivers even illumination and is backed by our industry-leading 50,000-hour lamp life and 5-year warranty.
